

Use Sacred Heart Gift Certificates Program! It Helps You & the School

Please consider using the SHS Certificate Program in a new way. We know that this is a great way to give gifts, so take time to look over the vendor list and put in an order. But consider using this program for your own purchases, not just gifts. You buy groceries, prescription medications, gas, etc. Why not use SHS Certificates to make those every day purchases?

Although this is considered a fundraiser, it has the significant advantage of affording you dollar-for-dollar the amount you purchase. The money earned comes from the vendor and not from your pocket.

Go to www.glscrip.com for a full list of retailers.

Proposed Changes

On-line ordering will soon be available for all who want rebates to benefit specific SHS students.

Until then, please return order forms to school in an envelope marked "Gift Certificate Order". Orders will be filled on Friday mornings. Please indicate if the order should be returned home with the student or held for pick up at the school. Please call if you have any questions.
