No School

From the Principal

New Beginnings...

Each new school year is a new beginning. For me, as your new Principal, everything is new; new school, new parish community, new town, new faculty, new students, and most especially, new opportunities.

This year starts my 11th year as a principal in Catholic Schools. I have worked as a high school guidance counselor and teacher in both public and private schools. I have two daughters and one granddaughter. We have lived in Kentucky for a number of years, but are happy to return to my husband's home state. My husband is honoring his contract as a college instructor. So for the present, I'm here in Fremont by myself.

I look forward to meeting you and getting to know you. I'm excited about what I see here at Sacred Heart. I already know that I will be working with a very fine faculty and staff. And as I have begun to meet parents and students I am impressed with the dedication and love that you have for your school. I'm grateful that God has brought me here to work with all of you to build a bright future for Sacred Heart School.

Katie Mellor
Principal
