Topics Discussed:

It was decided to have Gilberts Heating and Plumbing contracted for the preventive maintenance on the HVAC systems in the Church and Gym.

We would contact Dan Hoffman for maintenance and repairs at the Rectory and Tracey's house, also to ask him to be the "On Call" plumber.

Fans in both restrooms in the Gym are making noise and need repairs. Gilberts will be contacted.

The plastic edging around the church sign on Smith road needs to be repaired or replaced. This will be addressed when temperatures get cooler.

Church roof needs to be replaced. The canopy will be put on hold. Freedom Roofing from Woodville will be contacted to do the job.

The 2 outside faucets need repairs. Dan Hoffman was contacted and he is looking into parts.

There is a list of repairs at Tracey's house. We will look into contractors to do the various repairs.

The church pews have been showing signs of dryness from the required sanitizing. After the existing cleaning groups have been revised, they will be back into the church for weekly cleanings.

No meeting was scheduled for September.
