Faith Sharing -- Monte Huss

Welcome to New Acts Members Shelly Williams and Marie Hoffman--

-Paulne provided binders to new members and provided information to how to access training on the ACTS website. She clarified who needs that training and planned to check into the cost. She encouraged council members to speak to her or Father about financial assistance to the cost of training. There is a live Zoom training or you can choose the web-based (self paced) training. Julie shared they have until the end of the year to complete training. However, you only have thirty days to complete a training once you sign up.

-Julie will reach out to Brian Flahiff. regarding the training he will need for the retreat.

Old Business--

Brat Dinner Update – Jim Kettner

- Went well
- Any changes needed for next year? Tent-same Use cafeteria if possible. Continue the drive through. It went very well. Bigger container for next year. Great group of people who helped...about 16-20 people needed.
- Date for next year---Keep it in September. Have consistent time of year.
- Thank you Jim Kettner for taking the lead! He will consider leading again next year
- Tally marks of the number of dinners sold for next year. Record keeping was good idea. Having names of people... Preordering a good idea. Time could have been longer. Possibly lowering the cost to make it more accessible to all families
- Made more money this year than last.Estimated cost per meal-\$4.00
- Perhaps one kind of chip to help things move
- Planning should start about the end of July according to Jim Kettner. May-begin discussing and planning, set in calendar, help people be aware to put on calendar
- Donations: none Lee's good price on coleslaw
- Spaghetti Dinner- April 11th
 - Beer wine liquor license
 - Planning begins in January
